# Caring Connections

An update for Friends Supporters

## WHO IS YOUR MONCTON HOSPITAL HERO?

Did you meet your Moncton  
Hospital Hero recently?

It may have been a life-saving procedure by a surgeon, or the exceptional care from a nurse who helped welcome a new life into this world, or a technician who took the time to explain a procedure. Maybe it was another dedicated professional, a volunteer, a porter, or food services staff who went that extra mile to make sure you or a loved one felt cared for.

Our Grateful Patient Program offers a way for patients, family and friends to say *thank you* to the unsung heroes at The Moncton Hospital (TMH). Share your story and show gratitude by donating to support a specific department or to provide to the greatest need at TMH.

We will personally notify your Moncton Hospital Hero by letting him or her know that a donation has been made in their honour. We will recognize them for their

extraordinary level of patient care by presenting them with a certificate, special pin and profile their picture on our digital display at the Foundation Lobby Office.

**Melissa is one of our Hospital Heroes:**

Melissa Fenwick, Licensed Practical Nurse (LPN) on Geriatrics, was honoured by a grateful family for her kind and professional care.

*"Melissa became like one of the family when we saw how dad took to her. He would always light up when she came in the room, whether she was working or just visiting on her day off. Thanks so much for your support! We're lucky to have a new friend."*
